June 27, 1930

Dr. H.W. Shryock
Harrison, Idaho

Dear Doctor:

Idaho, as you no doubt are aware, is in the United States Death Registration Area and we are required to furnish transcripts of death certificates to the Census Bureau in Washington. In order to avoid delays in completing their statistics in Washington we are required to have these certificates as complete as possible in order to meet their requirements.

We are asking for some further information on the certificate mentioned below and enclose herewith a self-addressed penalty envelope for which no postage is required for your convenience in returning this letter with the information desired. Kindly co-operate by giving us this information as soon as possible so we will not be bothering you by writing again in reference to this certificate.

Respectfully yours,

C. K. Macey.

Special Agent, Bureau of Census.

- -

In reference to the death certificate of:

John J. Browning who died at Harrison, Idaho on March 27, 1930
Cause of death given as "Trauma of mesentary of stomach and duodenum & jejunum---Hemorrhagic"

Information DESIRED in order to complete certificate:

PLEASE STATE WHAT KIND OF AN ACCIDENT WAS THE PRIMARY CAUSE OF DEATH. IF AUTO WAS INVOLVED PLEASE STATE WHERE ACCIDENT OCCURRED.

PLEASE ANSWER BELOW:

Browning was hauling slabs on dump cart, seated on front of same, when as he was passing under tram way release of cart became unfastened and the weight of load lifted him up against tram with sufficient force to crush the internal vessels and viscera as described.

Yours truly,

H.W. Shryock

June 29, 1930.

Dr. Chas. R. Scott
Twin Falls, Idaho
Dear Doctor:

Idaho, as you no doubt are aware, is in the United States Death Registration Area and we are required to furnish transcripts of death certificates to the Census Bureau in Washington. In order to avoid delays in completing their statistics in Washington we are required to have these certificates as complete as possible in order to meet their requirements.

We are asking for some further information on the certificate mentioned below and enclose herewith a self-addressed penalty envelope for which no postage is required for your convenience in returning this letter with the information desired. Kindly co-operate by giving us this information as soon as possible so we will not be bothering you by writing again in reference to this certificate.

Respectfully yours,

C. K. Macey.

Special Agent, Bureau of Census.

In reference to the death certificate of:

Myrtle Marie Denhert who died at Twin Falls, Idaho on March 20, 1930
Cause of death given as "burns 75% of body."

Information DESIRED in order to complete certificate:

WAS A BURNING BUILDING INVOLVED. IF SO, PLEASE STATE, AS THESE ARE CLASSIFIED SEPARATELY.

PLEASE ANSWER BELOW:

No - She started fire on Stove with Kerosene

N. B.—Every item of information should be carefully supplied. AGE should be stated EXACTLY, PHYSICIANS should state CAUSE OF DEATH in plain terms, so that it may be properly classified. Exact statement of OCCUPATION is very important. See instruction on back of certificate.

N. B.—Every item of information should be carefully supplied. AGE should be stated EXACTLY, PHYSICIANS should state CAUSE OF DEATH in plain terms, so that it may be properly classified. Exact statement of OCCUPATION is very important. See instructions on back of certificate.

SYMS-YORK CO., PRINTERS & BINDERS, BOISE 51088

A stillbirth must be registered both as a birth and a death. The date of death should be the date of delivery and the death certificate should further state, if known, the cause of the stillbirth and the period of utero gestation in months.

STATEMENT OF OCCUPATION.—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits can be known. The question applies to each and every person, irrespective of age. For many occupations a single word or term on the first line will be sufficient, e. g., *Farmer, Physician, Stenographer, Compositor, Architect, Locomotive engineer, Civil engineer, Stationary fireman, etc.* But in many cases, especially in industrial employments, it is necessary to know (*a*) the kind of work and also (*b*) the nature of the business or industry, and therefore an additional line is provided for the latter statement; it should be used only when needed. As examples: (*a*) *Spinner,* (*b*) *Cotton mill;* (*a*) *Salesman,* (*b*) *Grocery;* (*a*) *Foreman,* (*b*) *Automobile factory.* The material worked on may form part of the second statement. Never return "Laborer," "Foreman," "Manager," "Dealer," etc., without more precise specifications, as *Day laborer, Farm laborer, Laborer—Coal mine,* etc. Women at home, who are engaged in the duties of the household only (not paid *Housekeepers,* who receive a definite salary), may be entered as *Housewife, Housework,* or *At home,* and children, not gainfully employed, as *At school* or *At home.* If the occupation has been changed or given up on account of the DISEASE CAUSING DEATH, state occupation at beginning of illness. If retired from business that fact may be indicated thus: *Farmer (retired 6 yrs.)* For persons who have no occupation whatever, write *None.*

STATEMENT OF CAUSE OF DEATH—Name, first the DISEASE CAUSING DEATH (the primary affection with respect to time and causation), using always the same accepted term for the same disease. Examples: *Cerebrospinal fever* (the only definite synonym is "Epidemic cerebrospinal meningitis"); *Diphtheria* (avoid use of "Croup"); *Typhoid fever* (never report "Typhoid Pneumonia") *Lobar pneumonia; Bronchopneumonia* ("Pneumonia," unqualified, is indefinite); *Tuberculosis of lungs, meninges, peritoneum,* etc., *Carcinoma, Sarcoma,* etc., of .....(name origin; "Cancer" is less definite; avoid use of "Tumor" for malignant neoplasms; *Measles; Whooping cough; Chronic valvular heart disease; Chronic interstitial nephritis, etc.* The contributory (secondary or intercurrent affection need not be stated unless important. Example: *Measles* (disease causing death), *29 ds.; Bronchopneumonia* (secondary), *10 ds.* Never report mere symptoms or terminal conditions, such as "Asthenia," "Anaemia" (merely symptomatic), "Atrophy," "Collapse," "Coma," "Convulsions," "Debility," ("Congenital," "Senile," etc.), "Dropsy," "Exhaustion," "Heart failure," "Hemorrhage," "Inanition," "Marasmus," "Old age," "Shock," "Uraemia," "Weakness," etc., when a definite disease can be ascertained as the cause. Always qualify as "PUERPERAL *septicemia,*" "PUERPERAL *peritonitis,*" etc., all diseases resulting from childbirth or miscarriage. State cause for which surgical operation was undertaken. For VIOLENT DEATHS state MEANS OF INJURY and qualify as ACCIDENTAL, SUICIDAL, or HOMICIDAL, or as *probably* such, if impossible to determine definitely. Examples: *Accidental drowning; struck by railway train—accident; Revolver wound of head—homicide; Poisoned by carbolic acid—probably suicide.* The nature of the injury, as fracture of skull, and consequences (e. g. *sepsis, tetanus*) may be stated under the head of "Contributory."

WRITE PLAINLY, WITH UNFADING INK—THIS IS A PERMANENT RECORD
MARGIN RESERVED FOR BINDING

A stillbirth must be registered both as a birth and a death. The date of death should be the date of delivery and the death certificate should further state, if known, the cause of the stillbirth and the period of utero gestation in months.

STATEMENT OF OCCUPATION.—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits can be known. The question applies to each and every person, irrespective of age. For many occupations a single word or term on the first line will be sufficient, e. g., **Farmer, Physician, Stenographer, Compositor, Architect, Locomotive engineer, Civil engineer, Stationary fireman, etc.** But in many cases, especially in industrial employments, it is necessary to know (a) the kind of work and also (b) the nature of the business or industry, and therefore an additional line is provided for the latter statement; it should be used only when needed. As examples: **(a) Spinner, (b) Cotton Mill; (a) Salesman, (b) Grocery; (a) Foreman, (b) Automobile Factory.** The material worked on may form part of the second statement. Never return "Laborer," "Foreman," "Manager," "Dealer," etc., without more precise specifications, as **Day laborer, Farm laborer, Laborer—Coal mine, etc.** Women at home, who are engaged in the duties of the household only (not paid **Housekeepers**, who receive a definite salary), may be entered as **Housewife, Housework**, or **At home**, and children, not gainfully employed, as **At school** or **At home.** If the occupation has been changed or given up on account of the DISEASE CAUSING DEATH, state occupation at beginning of illness. If retired from business that fact may be indicated thus: **Farmer (retired 6 yrs.)** For persons who have no occupation whatever, write **None.**

STATEMENT OF CAUSE OF DEATH—Name first the DISEASE CAUSING DEATH (the primary affection with respect to time and causation), using always the same accepted term for the same disease. Examples: **Cerebrospinal fever** (the only definite synonym is "Epidemic cerebrospinal meningitis"); **Diphtheria** (avoid use of "Croup"); **Typhoid fever** (never report "Typhoid Pneumonia"); **Lobar pneumonia; Bronchopneumonia** ("Pneumonia," unqualified, is indefinite); **Tuberculosis of lungs, meninges, peritoneum,** etc., **Carcinoma, Carcoma,** etc., of ..... (name origin; "Cancer" is less definite; avoid use of "Tumor" for malignant neoplasms; **Measles; Whooping cough; Chronic valvular heart disease; Chronic interstitial nephritis, etc.** The contributory (secondary or intercurrent affection need not be stated unless important. Examples: **Measles** (disease causing death), **29 ds.; Bronchopneumonia** (secondary), **10 ds.** Never report mere symptoms or terminal conditions, such as "Asthenia," "Anaemia" (merely symptomatic), "Atrophy," "Collapse," "Coma," "Convulsions," "Debility," ("Congenital," "Senile," etc.), "Dropsy," "Exhaustion," "Heart Failure," "Hemorrhage," "Inanition," "Marasmus," "Old age," "Shock," "Uraemia," "Weakness," etc., when a definite disease can be ascertained as the cause. Always qualify as "PUERPERAL **septicemia,**" "PUERPERAL **peritonitis,**" etc. all diseases **resulting from childbirth** or miscarriage. State cause for which surgical operation was undertaken. For VIOLENT DEATHS, state MEANS OF INJURY and qualify as ACCIDENTAL, SUICIDAL, or HOMICIDAL, or as **probably** such, if impossible to determine definitely. Examples: **Accidental drowning; struck by railway train—accident; Revolver wound of head—homicide; Poisoned by carbolic acid—probably suicide.** The nature of the injury, as fractured skull, and consequences (e. g. **sepsis, tetanus**) may be stated under the head of "Contributory."

DUTY OF LOCAL REGISTRARS—Mail all death certicates filed with you to the State Registrar on or before the fifth of the following month; keeping a copy of same for your local record.

Enter date of filing on the certificate immediately and give the certificate its registered number, beginning each year with number one. Carefully examine each certificate before issuing the burial permit and call the attention of the undertaker or other person to any omissions. If the information cannot be secured, it should be plainly stated unknown.

Registrars should be careful to see that the medical statement of death is supplied. If no physician attended the deceased and it is probable that death was due to unlawful or suspicious means, the case should be referred to the Coroner for investigation and statement of the cause of death; other deaths than above without medical attendance should be referred to the Health Officer (if a physician), but when there is no such health officer, and only in such cases, the local registrar may make the return upon the information of relatives or friends of the deceased having adequate knowledge of the facts.

Do not accept a certificate of death signed only by a midwife.

19. Place of Burial, Cremation, or Removal	Date of Burial
Blackfoot Cemetery	4-6-1930

20. Undertaker	Address
Jack A. Wood.	Idaho Falls Ida.

A stillbirth must be registered both as a birth and a death. The date of death should be the date of delivery and the death certificate should further state, if known, the cause of the stillbirth and the period of utero gestation in months.

STATEMENT OF OCCUPATION.—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits can be known. The question applies to each and every person, irrespective of age. For many occupations a single word or term on the first line will be sufficient, e. g., **Farmer, Physician, Stenographer, Compositor, Architect, Locomotive engineer, Civil engineer, Stationary fireman, etc.** But in many cases, especially in industrial employments, it is necessary to know (a) the kind of work and also (b) the nature of the business or industry, and therefore an additional line is provided for the latter statement; it should be used only when needed. As examples: **(a) Spinner, (b) Cotton Mill; (a) Salesman, (b) Grocery; (a) Foreman, (b) Automobile Factory.** The material worked on may form part of the second statement. Never return "Laborer," "Foreman," "Manager," "Dealer," etc., without more precise specifications, as **Day laborer, Farm laborer, Laborer—Coal mine, etc.** Women at home, who are engaged in the duties of the household only (not paid **Housekeepers**, who receive a definite salary), may be entered as **Housewife, Housework, or At home**, and children, not gainfully employed, as **At school or At home.** If the occupation has been changed or given up on account of the DISEASE CAUSING DEATH, state occupation at beginning of illness. If retired from business that fact may be indicated thus: **Farmer (retired 6 yrs.)** For persons who have no occupation whatever, write **None.**

STATEMENT OF CAUSE OF DEATH—Name first the DISEASE CAUSING DEATH (the primary affection with respect to time and causation), using always the same accepted term for the same disease. Examples: **Cerebrospinal fever** (the only definite synonym is "Epidemic cerebrospinal meningitis"); **Diphtheria** (avoid use of "Croup"); **Typhoid fever** (never report "Typhoid Pneumonia"); **Lobar pneumonia; Bronchopneumonia** ("Pneumonia," unqualified, is indefinite); **Tuberculosis of lungs, meninges, peritoneum,** etc., **Carcinoma, Carcoma,** etc., of ..... (name origin; "Cancer" is less definite; avoid use of "Tumor" for malignant neoplasms; **Measles; Whooping cough; Chronic valvular heart disease; Chronic interstitial nephritis, etc.** The contributory (secondary or intercurrent affection need not be stated unless important. Examples: **Measles** (disease causing death), **29 ds.; Bronchopneumonia** (secondary), **10 ds.** Never report mere symptoms or terminal conditions, such as "Asthenia," "Anaemia" (merely symptomatic), "Atrophy," "Collapse," "Coma," "Convulsions," "Debility," ("Congenital," "Senile," etc.), "Dropsy," "Exhaustion," "Heart Failure," "Hemorrhage," "Inanition," "Marasmus," "Old age," "Shock," "Uraemia," "Weakness," etc., when a definite disease can be ascertained as the cause. Always qualify as "PUERPERAL **septicemia,**" "PUERPERAL **peritonitis,**" etc. all diseases resulting from childbirth or miscarriage. State cause for which surgical operation was undertaken. For VIOLENT DEATHS, state MEANS OF INJURY and qualify as ACCIDENTAL, SUICIDAL, or HOMICIDAL, or as **probably** such, if impossible to determine definitely. Examples: **Accidental drowning; struck by railway train—accident; Revolver wound of head—homicide; Poisoned by carbolic acid—probably suicide.** The nature of the injury, as fractured skull, and consequences (e. g. **sepsis, tetanus**) may be stated under the head of "Contributory."

DUTY OF LOCAL REGISTRARS—Mail all death certicates filed with you to the State Registrar on or before the fifth of the following month; keeping a copy of same for your local record.

Enter date of filing on the certificate immediately and give the certificate its registered number, beginning each year with number one. Carefully examine each certificate before issuing the burial permit and call the attention of the undertaker or other person to any omissions. If the information cannot be secured, it should be plainly stated **unknown.**

Registrars should be careful to see that the medical statement of death is supplied. If no physician attended the deceased and it is probable that death was due to unlawful or suspicious means, the case should be referred to the Coroner for investigation and statement of the cause of death; other deaths than above without medical attendance should be referred to the Health Officer (if a physician), but when there is no such health officer, and only in such cases, the local registrar may make the return upon the information of relatives or friends of the deceased having adequate knowledge of the facts.

Do not accept a certificate of death signed only by a midwife.

Dr. Ellis Kackley
Soda Springs, Idaho

Dear Doctor:

Idaho, as you no doubt are aware, is in the United States Death Registration Area and we are required to furnish transcripts of death certificates to the Census Bureau in Washington. In order to avoid delays in completing their statistics in Washington we are required to have these certificates as complete as possible in order to meet their requirements.

We are asking for some further information on the certificate mentioned below and enclose herewith a self-addressed penalty envelope for which no postage is required for your convenience in returning this letter with the information desired. Kindly co-operate by giving us this information as soon as possible so we will not be bothering you by writing again in reference to this certificate.

Respectfully yours,

C. K. Macey.

Special Agent, Bureau of Census.

In reference to the death certificate of:

Rose Norris who died at Soda Springs, Idaho on May 30, 1930.
Cause of death given as "Trauma of left shoulder"

Information DESIRED in order to complete certificate:

WHAT KIND OF AN ACCIDENT WAS THE PRIMARY CAUSE OF DEATH. IF AUTO PLEASE STATE WHERE ACCIDENT OCCURRED.

PLEASE ANSWER BELOW:

Trauma resulted in Necrosis of upper Hum., infction developed.
